# Customer Support Presentation

<https://www.slideegg.com/customer-support-presentation>

Customer support is a range of customer services to assist customers in making cost effective and correct use of a product.

It includes assistance in planning, installation, training, troubleshooting, maintenance, upgrading, and disposal of a product.

Regarding technology products such as mobile phones, televisions, computers, software products or other electronic or mechanical goods, it is termed technical support.

# How To Edit Shapes

- ❖ You can add and edit some **shapes** to your presentation to present your data in a visual way.
- ❖ Choose your favourite infographic and insert it in your presentation using Ctrl C + Ctrl V or  Cmd C + Cmd V in Mac.
- ❖ Select one of the parts and **ungroup** it by right-clicking and choosing “Ungroup”.
- ❖ **Change the color** by clicking on the paint bucket.
- ❖ Then **resize** the element by clicking and dragging one of the square-shaped points of its bounding box (the cursor should look like a double-headed arrow). Remember to hold Shift while dragging to keep the proportions.
- ❖ **Group** the elements again by selecting them, right-clicking and choosing “Group”.
- ❖ Repeat the steps above with the other parts and when you’re done editing, copy the end result and paste it into your presentation.
- ❖ Remember to choose the “**Keep source formatting**” option so that it keeps the design. For more info, please visit [Slideegg \(Tips & Tricks\)](#).
